

Frequently Asked Questions:

How can Rock the Vote help us?

Rock the Votes goal is to support your initiatives to register voters and provide youth voter education by providing you with the tools and guidance to run a successful campaign. As a non-partisan organization, we work across the aisle, putting youth issues first.

Why should I use the widget?

Online voter registration is simple and easy. It's also the most effective way to organize the youth vote. Offering the widget on your site in addition to regular voter registration is a surefire way to get people registered.

What can we do with Rock the Votes materials?

Lots of things! You can put our logo on your tshirts and banners; you can embed the streaming psa's in your website; you can play our radio PSA's on your radio station; you can embed our widget on your website. You can co-brand and recreate the voter registration forms, the Fact Sheets, and you can follow any and all of our guidelines in your voter registration guides.

Can you send us t-shirts?

No. But you can order merchandise from us at a wholesale price online at: <http://www.rockthevote.com/act-out/>. You can also order tshirts from: www.cafepress.com/rockthevote. You are also welcome to make your own materials and t-shirts with our Rock the Vote logo on them, but you can not sell them for money.

I've got something cool to share! How do I do it?

Email us! Let us know how your events went, and we'll post your pictures on our website and descriptions on our blog. Pictures should be submitted to: long18doing+private@photos.flickr.com, and write ups about events you've done should be sent to your local organizer.
